

PRODUCT RELEASE BULLETIN

Taktis language variants

Kentec are pleased to announce that the Taktis panel is now available in 15 new language variants:

- BULGARIAN (BG)
- CROATIAN (HR)
- ESTONIAN (EE)
- HUNGARIAN (HU)
- PORTUGUESE (PT)
- ROMANIAN (RO)
- SERBIAN (RS)
- SLOVAKIAN (SK)
- TURKISH (TR)
- CZECH (CZ)
- DUTCH (NL)
- ITALIAN (IT)
- RUSSIAN (RU)
- SLOVENIAN (SI)
- SPANISH (ES)

Taktis language variants include fully translated fascia's and touch screen layouts along with user manuals and quick start guides.

These language variations allow us to expand the availability of Taktis to our global partners, ensuring they have everything they require to install and support the Taktis range.

To order a language variant use the standard Taktis product code listed in our price list with the additional two letter suffix (shown in brackets above) to identify the language required i.e.

TAA EE1 1010 H1 **BG** - Taktis 2 loop, 5.25 Amp PSU, Hochiki protocol, 0 zone LED's, no printer, standard enclosure, Bulgarian language

Taktis is Kentec's most powerful and sophisticated analogue addressable fire panel. It has been designed as one of the most powerful, intelligent and technically robust fire alarm products available with enhanced integration and networking capabilities to meet the current and future needs of small to larger buildings and installations.

Supporting and growing our global partnerships is one of our main priorities, with further language translations in the pipeline.

Should you require any further information on Taktis or any of our other products please do not hesitate to contact your sales representative.
